

QualityTime-ESL Podcast No. 15

“Numbers”

Worksheet

As you do the exercises orally, write down the numbers as they are pronounced in letters.

Write out in letters the following numbers as you repeat them:

100 _____

1,000 _____

1,000,000 _____

1,000,000,000 _____

1,000,000,000,000 _____

Write down these equations:

10 x 10 = 100 _____

10 x 100 = 1,000 _____

1,000 x 1,000 = 1,000,000 _____

1,000 x 1,000,000 = 1,000,000,000 _____

Write down these numbers. Remember there is no “s” at the end, because a number is considered an adjective and like the adjectives there is no form with “s”.

On the other hand, if you are giving estimations you have to add an “s”.

 _____ of stars!

Repeat after the speaker as you write these numbers down. Don't forget the commas and decimal points. Dollar, Euro or Pound signs come before the figure

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

Finally, write out the equations as you say them:

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

The final paragraph:

That _____ and difficult, but now I can _____
_____ hesitating _____. If someone _____ to say a
_____ number _____ so that it can be _____,
_____ able to do this. I will _____ numbers ____ often ____
possible and say them _____ loud _____ I can.
